Thinking About Matters That Matter

Wednesday night
seminar series
led by Bob Baird

Continues
January 25, February 1
6:15 p.m.

Beginning with Socrates and Plato, a brief tour of the history of Western Philosophy and its impact on Christian Theology (with a side glance at Eastern Thought: Confucianism and Daoism).

He and his wife, Alice, joined Lake Shore in 1968 when he became a member of the Department of

Philosophy at Baylor, and their three children—Kathy, Rob, and Susan—grew up here. The Bairds have been a beloved part of Lake Shore for 48 years. Bob and Alice have repeatedly expressed appreciation for the supportive role of this community when their daughter Kathy died in February 2012.

In addition to his numerous roles at Lake Shore, Bob has always given us wise counsel as a philosopher and theologian. Bob became chair of the Baylor Department of Philosophy in 1987, a position he held for 18 years. He continued to teach full-time and serve as University Ombudsperson for Faculty until his retirement in May 2014. In 1993 Bob was named University Master Teacher.

Women's Retreat Leader, Kathy Reid

The morning after Kathy Reid preached at Lake Shore in the summer of 2015, telling the sacred stories of the quilts her family had made, several Lake Shore women asked, "When can Kathy Reid lead our Lake Shore retreat?" This is the year!

Kathy and Steve Reid found Lake Shore during the summer of 2009, after Kathy moved to Waco. They are members of the Bereshith Sunday School Class. Since then they have offered their gifts leading significant ministries at Lake Shore.

Kathy is a native of Northern Illinois, though most of her family comes from a Mennonite community in Moundridge, Kansas. She is descended of Ukrainian immigrants who traveled on the ship, *The City of Richmond*, in 1874. The brought winter wheat to Kansas, and settled in one tight-knit community. Her father was an Outdoor Education professor at Northern Illinois University. Kathy grew up attending a Church of the Brethren. It was through the Church of the Brethren that she and Steve met, at a regional youth event in high school. Both attended Manchester College in Indiana. After college, Kathy earned both a Masters of Education from Georgia State University, and a Masters of Divinity from Pacific School of Religion. She has been quite involved in Church of the Brethren as a minister through teaching, preaching and writing curriculum. (*for more retreat info, see inside*)

Hope and Naz tell their story

February 8, 6:15 p.m.

Hope and Naz Mustakim have been visiting Lake Shore for several months. She is graduate student in the Garland School of Social Work at Baylor University. Her studies include a concentration in Community Practice and specialization in immigrant rights advocacy. She is a co-leader of the Waco Immigration Alliance and has been a member of Detention Watch Network since 2011. Naz manages the Urban Edibles food truck at Mission Waco where he is also the I.T. Technician and resident Jack-of-all-trades. He has been an employee there since completing the Manna House program in 2006. The Mustakims have two rambunctious toddlers — Ezra, 3, and Esther, 1, so there's never a dull moment! When Naz was unexpectedly detained and nearly deported, through Hope's relentless organizing, her husband's case was dropped, and he returned home after 10 months of detention in a for-profit detention facility. In learning the stories of hundreds of fellow immigrants along their journey, a passion was born in their family for immigrant rights activism, and they are now passionate voices for justice and reform.

Children's Corner

I'm excited to announce that **Faithful Friends** will begin in March. This is a program for 3rd-6th graders. Each child will be paired up with an adult to participate in a series of relationship-building, life-sharing activities together for about an hour a week, March through May. Each pair of Friends will choose their activities together from a list of suggestions. The curriculum for this program is simply life and conversation together, trusting that spirits are formed as much in the informal and mundane moments of life as in the structured classroom setting. I am excited that we are reintroducing this Lake Shore tradition!
